

Teacher Reference Check
Calgary Catholic School Division

October 2015

To Whom it May Concern:

I am forwarding a letter of reference for Kira Anderson who was my student teacher last year for 10 weeks at Our Lady Queen of Peace in Airdrie.

Kira came to my grade one class in January. She was very enthusiastic from the get-go and had many questions and ideas to share. She immediately developed a great rapport with the children as her excitement to be in the classroom and interact with the children was evident.

Kira collaborated with me to maximize her practicum experience and took ideas and advice with grace and worked to utilize these to help her grow and learn in her role as the classroom teacher.

She is able to focus on student learning differences. She was aware of the students who 'got it' and those that needed more differentiation in their instruction and extra help to learn concepts and skills. She created a positive learning environment that was engaging, fun and comfortable for all students.

Kira is very technological literate and she used this knowledge to develop lessons for the children as well as create and share materials with myself and other staff. She put much effort into her planning and lesson implementation. She put forth great initiative and a positive attitude at all times.

I recommend Kira to you without any reservations.

Best Regards

Kelly Miller
